

How to Access Your Math Materials Online:

Your child's teacher should have the username and password for your child.

Teachers have the option of creating a simplified login for their classes or using a traditional login. Please ask your child's teacher which login method your child should use.

It's simple! Go to the school-specific URL. Click on your class! Click on your name and icon. Enter your three character password! Press Login!

Now that you're logged in...

Click on your text book.

- To-Do
- My Files
- Messages

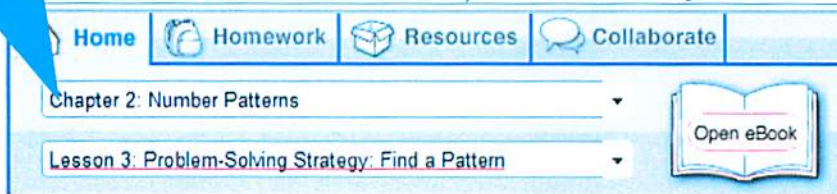

Click on To-Do to see assignments. My Files to see files you've uploaded, and Messages to communicate with your teacher.

Use the pull down menus to easily access the current lesson! Press "Open eBook" to open a PDF version of the text.

Click on the Homework tab to see assignments created by the teacher and when they are due.

Use the Resources tab to search for specific types of activities within the chapters.

Use the Collaborate tab to have discussions with your teacher.
