

Dallastown Area School District

ATHLETIC DEPARTMENT

EMERGENCY ACTION PLAN

Dallastown Area School District Athletic Department Emergency Action Plan

Revised July 13, 2021

Emergency situations may arise at any time during athletic events. It is critical that athletic staff and coaches have solid decision-making skills and take expedient action in order to provide the best possible care to the student-athlete if an emergency and/or life-threatening condition occurs. The development and implementation of an emergency action plan will help ensure that the best care will be provided.

Emergency Personnel

In athletic associated practice and competition, the first responder to an emergency situation is typically a member of the coaching staff and/or a licensed athletic trainer. A team physician may not always be present at every organized practice or competition. The type and degree of sports medicine coverage for an athletic event may vary widely, based on such factors as physicality of the sport or activity, the setting, and the type of training or competition to be performed.

The development of an emergency plan cannot be complete without the formation of an emergency medical team. The Dallastown Area School District Emergency Action Plan Consists of:

Basic Emergency Medical Team:
Licensed Athletic Trainer
Coaching Staff
Athletic Director
Athletic student manager
Emergency Medical Technician
Physician
Principal

Basic roles of the emergency response team:

First - immediate care of the athlete:

The most qualified individual on the scene will provide or direct acute care. Individuals with lower credentials should yield to those with more advanced training.

Second - EMS activation:

This should be done as soon as the situation is deemed an emergency or a life-threatening event. Activating the EMS system may be done by anyone. However, the person chosen for this duty should be someone who is calm under pressure and who communicates well over the telephone. This person should also be familiar with the location of the injured person and the facility.

Activating the EMS System

Making the Call:

- 911 (if available)
- telephone numbers for local police, fire department, and ambulance service

Providing Information:

- name, address, telephone number of caller
- nature of emergency, whether medical or non-medical
- number of athletes
- condition of athlete(s)
- first aid treatment initiated by first responder
- specific directions as needed to locate the emergency scene ("come to south entrance of stadium")
- other information as requested by dispatcher

Third - equipment retrieval:

The athletic trainer will assign this role to someone on site with knowledge of facilities and familiar with the type and location of the specific emergency equipment needed. I.e.: face mask removal equipment, splinting and spine board materials, etc.

Fourth - directing EMS to the scene:

This role will be filled by a responsible individual from the buildings and grounds or security depending on availability to meet emergency medical personnel as they arrive at the facility. This person should have keys to any locked gates or doors and should know the fastest access to the emergency scene.

It is important to adapt the response team to each setting, situation or sport. As such, categories of individuals were assigned to allow the emergency team to function even though certain members may not always be present.

A serious injury that constitutes an emergency will activate the Emergency Action Plan. Serious injuries are described as, but not limited to:

- Asthma
- Cardiac emergencies
- Blood sugar crisis
- Cardiovascular event
- Spine injuries
- Fractures
- Head injuries/ Concussion
- Heat related illness
- Sickle cell crisis
- Uncontrolled bleeding

Emergency Communication

Communication is the key to quick emergency response. Coaches, athletic trainers and emergency medical personnel must work together to provide the best emergency response capability and should have contact information such as a telephone tree established as a part of pre-planning for emergency situation. A pre-event medical time out will be conducted to facilitate communication access, establish boundaries and to build rapport between both groups of professionals. If emergency medical transportation is not available on site, then the emergency action plan will be initiated and 911 will be called.

Typical Telephone Tree:

- Notify athletic trainer
- Activate EMS if warranted
- Notify the parent or guardian
- Notify school personnel (ie athletic director, school principal, etc)

Emergency Equipment

All necessary emergency equipment is at the site and quickly accessible. The emergency team is familiar with the function and operation of emergency equipment. Equipment is kept in good operating condition, stored in clean and environmentally controlled areas. Emergency personnel must be trained in advance to use emergency equipment properly. Emergency equipment is checked on a regular basis, used during rehearsals by the emergency medical team and recorded in the equipment inspection/calibration logbook. The emergency equipment available is appropriate for the level of training for the emergency medical providers. The Dallastown Area School District Athletic Trainer or designee is trained and responsible for the care of the equipment.

Typical Equipment Includes:

- Immobilization devices- located on the Gator and athletic trainer's room at the school.
- Automatic External Defibrillator (AED) - located on the Gator, HS/MS gymnasium, pool, and athletic trainer's room at the school.
- Bag valve mask- located with certified athletic trainer's AED's
- First Aid Kit with athletic trainer and athletic student managers
- Face Mask Removal Devices with athletic trainer
- Kestrel Weather Monitoring, Weather Bug App, and Weather Channel App Radar with athletic trainer

Medical Emergency Transportation

Quick evaluation and recognition of injuries requiring critical intervention, facilitates emergency medical transport decisions. In an emergency situation, the athlete will be transported by ambulance, to a local hospital where the necessary staff and equipment is available to deliver the next level of care. Whenever possible an ambulance is on site at high risk sporting events. The athletic department of Dallastown Area School District coordinates on site ambulance standby for

Emergency Action Plan
Dallastown Area School District

competition in football. When an ambulance is on site, it is located on the South end of the American Legion Field at Wildcat Stadium. In the event of an emergency, without an onsite ambulance, the Emergency Action Plan will be initiated and the 911 system utilized for activating emergency medical transport. Student athletes transported from properties of the Dallastown Area School District will be taken to the closest hospital emergency department. Should emergency medical transport leave the site, to travel with the athlete to the hospital, remaining emergency medical team will utilize 911 should another emergency arise, ensuring remainder of the competition is supervised.

See attached map of Dallastown Area School District.

Directions to York Hospital

The cross streets for Dallastown High/Middle Schools are New School Lane and Blymire Rd. The entrances to the turf field are located off Blymire Rd. and New School Lane. When leaving Dallastown High/Middle Schools turn right onto Blymire Road and Honey Valley Road and head towards PA-74 Queen Street. Turn left at the stop light onto PA-74 Queen Street (head south). Keep right and stay on PA-74 Queen Street for 10 miles. Turn left on Rathton Road. Turn left at Newlin Road. The York Hospital is on the left and you will see the entrance to the Emergency Department.

Updated 12/9/10

Emergency Plan: Dallastown Stadium/Track (#1)

Primarily used for football, JV/V soccer, field hockey, track, and lacrosse

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen, 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the high school; ID or key access is needed.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The stadium is located on the corner of Melvale Rd and Blymire Rd, across from the entrance of Lions Park.

- Ambulance should enter at top gate off Melvale Rd and Blymire Rd.

Emergency Plan: High School Gym (#2)

Primarily used for volleyball, basketball, and wrestling

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen, 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers. A stationary AED is also located in the gym lobby of the high school; ID or key access is needed, if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The high school gym is located across the parking lot from the lower end of the stadium.

- Ambulance should enter at Door #5, located near the smaller parking lot across from the main stadium entrance.

Emergency Plan: Pool/Aquatics (#3)

Primarily used for swimming

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen, 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the boy's coaching office of the pool; ID or key access is needed.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to "flag down" EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The pool/aquatics center is located off the S Walnut St entrance to campus. Enter campus on S Walnut St; go straight at the first stop sign once on campus. The tennis courts will be on your right; head up the hill and when you come to the Yield sign, turn Left. The entrance to the pool will be straight ahead.

- Ambulance should enter campus as the S Walnut St entrance. See above.

Emergency Plan: Tennis Court (#4)

Primarily used for tennis.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the middle school; ID or key access is needed.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The tennis courts are located off the S Walnut St entrance to campus. Enter campus on S Walnut St; go straight at the first stop sign once on campus. The tennis courts will be on your right.

- Ambulance should enter campus at the S Walnut St entrance. At the first stop sign once on campus, go straight and the tennis courts will be on your right.

Emergency Plan: Tennis Court (#5)

Primarily used for tennis.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the middle school; ID or key access is needed.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The tennis courts are located off the S Walnut St entrance to campus. Enter campus on S Walnut St; the tennis courts are located near the intersection of E Boundary Ave and S Walnut St. The tennis courts will be on your right.

- Ambulance should enter campus at the S Walnut St entrance. The tennis courts are located near the intersection of E Boundary Ave and S Walnut St. The tennis courts will be on your right.

Emergency Plan: Middle School Gym (#6)

Primarily used for JH basketball and JH volleyball.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen, 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the middle school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The middle school gym is located off the S Walnut St entrance to campus. Take S Walnut St onto campus. At the first stop sign, turn left. Go up the slight hill and a parking lot will be on the left near the next stop sign. The middle school gym entrance is past the stop sign, on the right, next to the Strive building.

- Ambulance should enter campus at the S Walnut St entrance. Turn left at the first stop sign on campus. Follow the hill up to the next stop sign. The entrance to the middle school gym will be on the right next to the Strive building.

Emergency Plan: Baseball/JH Field Hockey Field (#7)

Primarily used for baseball and JH field hockey.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the middle school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The baseball/JH field hockey fields are located off the S Walnut St entrance to campus. Take S Walnut St onto campus. At the first stop sign, turn left. Go up the slight hill and a parking lot will be on the left near the next stop sign. The baseball field is next to the parking lot; JH field hockey is played in the outfield. Follow this road past the stop sign to park in the parking lot closer to the outfield.

- Ambulance should enter campus at the S Walnut St entrance. Turn left at the first stop sign on campus. Follow the hill up to the next stop sign. The baseball field is next to the parking lot; JH field hockey is played in the outfield. Follow this road past the stop sign to park in the parking lot closer to the outfield.

Emergency Plan: Soccer Field (#8)

Primarily used for JH/JV/V soccer.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the middle school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The soccer fields are located off the S Walnut St entrance to campus. Take S Walnut St onto campus. There is a parking lot on the left as you enter campus, near the E Boundary Ave and S Walnut St intersection. The field is located over the hill in front of the parking lot.

- Ambulance should enter campus at the S Walnut St entrance. Take S Walnut St onto campus. There is a parking lot on the left as you enter campus, near the E Boundary Ave and S Walnut St intersection. The field is located over the hill in front of the parking lot.

Emergency Plan: Soccer Practice Field (#9)

Primarily used for JH/JV/V soccer.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the middle school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The soccer practice fields are located off the S Walnut St entrance to campus. Take S Walnut St and turn Left onto E Boundary Ave. The field is located on the right.

- Ambulance should arrive via S Walnut St, turning Left onto E Boundary Ave. The field is located on the right.

Emergency Plan: Javelin Throwing Area (#10)

Primarily used for javelin during track season.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the middle school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The javelin throwing area is located off the S Pleasant Ave entrance to campus. Take S Pleasant Ave and turn Right onto E Boundary Ave. The field is located on the left.

- Ambulance should arrive via S Pleasant Ave, turning Right onto E Boundary Ave. The field is located on the left.

Emergency Plan: Practice Field (#11)

Primarily used for JH football.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the middle school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The practice field is located off the S Pleasant Ave entrance to campus. Take S Pleasant Ave and veer Right onto New School Lane. The field is located on the right.

- Ambulance should arrive via S Pleasant Ave, veering Right onto New School Lane. The field is located on the right.

Emergency Plan: Cross Country Start/Finish (#12)

Primarily used for cross country.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the middle school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The cross country start/finish is located off the S Pleasant Ave entrance to campus. Take S Pleasant Ave and veer Right onto New School Lane. The field is located on the right.

- Ambulance should arrive via S Pleasant Ave, veering Right onto New School Lane. The field is located on the right.

Emergency Plan: Practice Field (#13)

Primarily used for spring football.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the high school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The practice field is located off the S Pleasant Ave entrance to campus. Take S Pleasant Ave and veer Right onto New School Lane. The field is located on the right before the intersection of New School Lane and Blymire Rd.

- Ambulance should arrive via S Pleasant Ave, veering Right onto New School Lane. The field is located on the right before the intersection of New School Lane and Blymire Rd.

Emergency Plan: Softball/Field Hockey Field (#14)

Primarily used for softball and JV/V field hockey.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the high school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The softball/field hockey field is located off the S Pleasant Ave entrance to campus. Take S Pleasant Ave and veer Right onto New School Lane. The field is located on the right before the intersection of New School Lane and Blymire Rd.

- Ambulance should arrive via S Pleasant Ave, veering Right onto New School Lane. The field is located on the right before the intersection of New School Lane and Blymire Rd.

Emergency Plan: Lacrosse Field (#15)

Primarily used for 7-9th grade football practice and lacrosse.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the high school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The lacrosse field is located off the S Pleasant Ave entrance to campus. Take S Pleasant Ave and veer Right onto New School Lane. The field is located on the left after the intersection of New School Lane and Melvale Rd.

- Ambulance should arrive via S Pleasant Ave, veering Right onto New School Lane. The field is located on the left after the intersection of New School Lane and Melvale Rd.

Emergency Plan: Practice Field (#16)

Primarily used for football practice.

Emergency Personnel: Certified athletic trainers, Laura Regener, 717-487-0094 and Chris Turpen 717-201-5580 and coaches on campus or site for practice and competition.

Emergency Communication: Certified athletic trainers and coaches will have cellular phones.

Emergency Equipment: supplies (AED, trauma kit, splint kit) maintained in athletic training room in the High School, or with certified athletic trainers in Gator. A stationary AED is located in the gym lobby of the high school; ID or key access is needed if outside.

Roles of First Responders

1. Immediate care of the injured or ill student-athlete
2. Activation of emergency medical system (EMS)
 - 911 call (provide name, address, telephone number, number of individuals injured, condition of injured, first aid treatment, specific directions, other information as requested)
3. Emergency equipment retrieval
4. Direction of EMS to scene
 - a. Open appropriate gates
 - b. Designate individual to “flag down” EMS and direct to scene
 - c. Scene control: limit scene to first aid providers and move bystanders away from area.

Venue Directions: The practice field is located on the corner of S Pleasant Ave and Blymire Rd.

- Ambulance should arrive via S Pleasant Ave or Blymire Rd.
