7. SUPERINTENDENT'S REPORT:

a. Enrollment

Minutes
Growth areas and demographic trends continue to be a focus of the board and administration. Currently, we have 6,428 enrolled students, which puts us at 85% capacity throughout the district. However, the high school is at nearly 98% capacity, and schools such as Dallastown Elementary have met their capacity in grades K and 3. Also, Loganville-Springfield, Ore Valley and York Township elementary schools, along with the Intermediate School, have 24 or more students in a class at several grade levels. We are examining class sizes throughout the district and will be making personnel recommendations in December.

b. Upcoming School Events / Calendar

- Veterans Day Activities
- Business Advisory Gathering and Healthcare Careers Summit
- Wednesday, November 27th - Half-day Students and Teachers
- Thursday, November 28th, through Monday, December 2nd - No School / Happy Thanksgiving
- Tuesday, December 3rd - School Resumes

Minutes
Veteran's Day is always special in the district, with schools and the JROTC hosting displays, ceremonies and assemblies to honor our veterans. Dr. Dyer and Dr. Doll attended several and were moved by the sincerity of the honor and appreciation given to the veterans. There were two other special events: The business advisory gathering provided very helpful information as we revise curriculum and incorporate more student connections with the business community, and the healthcare careers summit was a collaboration between Mr. Tad Gould, high school anatomy teacher, and WellSpan, a respected partner in our district. They designed a vivid and relevant set of experiences to inspire student exploration including 11 other districts who were able to attend through YCAL (the York County Alliance for Learning). We’ve also listed reminders for the upcoming Thanksgiving break.

8. CONSENT ITEMS:
Minutes

Mr. Fisher announced that there were no additions to the Personnel Report, but called attention to the JROTC hire which would be contingent upon the execution of an agreement scheduled for the next day.

**By roll call vote, the motion passed...**

c. 2020-21 Proposed New Courses for the High School - Dr. Ferree

- African American Literature, English Language Arts Department, Grades 11-12
- Honors Digital Marketing, Business Department, Grades 11-12

(This will be an Action Item on 12/12.)

Minutes

Dr. Ferree noted the renewed effort to review career pathways, the schedule and staffing, and shared the process from August 2019 through February 2020. Both courses have been considered for several years. They now have the staffing for Honors Digital Marketing and African American Literature was born from a student
conversation. The latter is focused on cultural literacy and the communication aspect, which was mentioned in the recent business advisory discussion and is a lifelong skill across all pathways. She has syllabus outlines if the board wishes to review them.

Key points from board inquiry:

- There are no formal student surveys before-hand; they are informal.
- The course selection guide is evaluated each year by the departments and the guidance office. Also, during the trimester evolution, there was a full audit.
